PAL	Fairlight, FIG and Offence	Drax. I am not sure when I first heard your tunes, 88 or 89? From that day on you composed so insanely many emotions into my heart and life... Thank you for that. I hope you just dig and love the little tribute we have created for you... PAL
Joe	Wrath Designs	Cheers on your day!
Brush	Elysium	According to latest HVSC there are 528 tunes by You. This is very good news for a fan of your art like me. This simply means that when i wish you 100 years on your birthday - i am increasing the chance of literally another 528 tunes. And since we're not a pharmacy as we in Poland say - let's round it to 1000 tunes in total. Sounds about right. But jokes aside - happy birthday and please stay my inspiration to do more on c64 as you've been for so many years!

Link	Vibrants	Dear Drax/Thomas! Wishing you a very happy 50th birthday. I follow you on Facebook and can see that you are doing many good things. It has been many years since we have made music together on the Commodore 64. Even though it has been a long time ago, this time is still clear in my memory. A time when we sent floppy disks with music to each other by mail. I especially remember when we visited Jens (JCH) on Tranegårdsvej in Hellerup. Here we came in close contact with the Copenhagen S trains that passed a few meters from the house. For a period of time, I have made music for short films and commercials and have also made sound for concerts. Today I work in accounting and in addition I paint and play the piano at a leisurely level. I wish you all the best for the future. Kind regards, Link/Klaus Engell Grøngaard.
Clarence	Chorus	Cheers Thomas! Your inexhaustible musical creativity and the treasure trove of your vast catalog never cease to amaze me. Wishing you many-many more joyful and inspired decades ahead!

Morpheus	Increasing Popularity Crew	From the first time I saw you ("insert love song music here"), which was at the Brutal/Hurricane party in 1992, I knew you weren't just the super-talented musician Drax, but also a genuinely great guy. And that's what I've always loved about the scene, the friendships. With that said: Happy birthday, my friend! Hope it's a great one, and that we'll meet again soon!
